Thank you!

May 2018 marks one year since the incorporation of EnergyFlowe Limited. Business has been fun and very satisfying!

During the year, my former clients and many new clients have requested our advice on reducing their energy costs.

We are eager to start our second year and further develop the business. Thank you for being part of it!

Our approach, marked by the simple ingredients of common sense, integrity and hard work, has been warmly welcomed. Our business has grown through client recommendation and referrals. Choosing not to make cold calls, business growth is based on our existing clients' satisfaction.

EnergyFlowe is a low cost bespoke brokerage and consultancy. I was pleased when Chris Farrington accepted my invitation to assist the business start-up; and I am delighted that he has now agreed to commit his ongoing support.

Charles Lowe

Client Satisfaction

Fifty Two Group Ltd, is a property development and management company based in County Durham. Fergus Bell, Director, has been pleased to offer the following comment:

"Charles and the team at EnergyFlowe have continually proven to offer us market leading rates for both ongoing developments and our existing rental portfolio. Furthermore, Charles' day to day management of the portfolio and the ongoing requirements of energy providers has been second to none. I would fully recommend this all encompassing service."

Next month I will update you on market trends and conditions
